

OUR COVID-19 POLICY

Updated 24/2/22

What We Ask of All Our Guests

Now the Government has relaxed all the COVID 19 guidelines we want to continue to reassure guests and ask that all guests continue to:

- Sanitise/wash your hands, especially when using the games rooms and shower block (tents only)
- Strip their own beds at the end of their stay
- Leave windows ajar when you leave to allow air to circulate to aid ventilation
- Check out by 10am to allow our cleaners to do a deep clean of the property before the next guests arrive.

What Notgrove Holidays Will Continue to do:

- Follow any new government guidelines and implement changes to our procedures as required to ensure we always keep up to date as and when government changes are announced.
- Take extra care to thoroughly clean and air the properties between guests.
- Regularly clean the communal areas each day throughout your stay, especially the games rooms and shower block (tents only).
